

Geometry Summer Assignments: ixl.com Level L

- Simplify Radical Expressions
- Solve Linear Equations
- Solve Quadratic Equations
- Lines, Line Segments, and Rays
- Lengths of Segments on Number Lines
- Additive Property of Length
- Angle Vocabulary
- Angle Measures
- Coordinate Plane Review
- Slopes of Lines
- Graph a Linear Equation
- Equations of Lines
- Slopes of Parallel and Perpendicular Lines
- Classify Triangles
- Polygon Vocabulary
- Three- Dimensional Figure Vocabulary
- Parts of Three-dimensional Figures
- Classify Quadrilaterals
- Similar Ratios
- Perimeter
- Area of Rectangles and Squares
- Parts of a Circle
- Find the Center of a Circle
- Find the Radius or Diameter of a Circle
- Convert Rates and Measurements: Customary Units
- Convert Rates and Measurements: Metric Units
