Assignment #	Grade /Level	Title/Description
1	Grade 6/Level H	Properties of Addition
2	Grade 6/Level H	Properties of Multiplication
3	Grade 6/Level H	Multiply using the Distributive Property
4	Grade 6/Level H	Greatest Common Factor
5	Grade 6/Level H	GCF and LCM: word problems
6	Grade 6/Level H	Add and Subtract decimals: word problems
7	Grade 6/Level H	Multiply decimals
8	Grade 7 / Level i	Multiply decimals and whole numbers: Word problems
9	Grade 7 / Level i	Equivalent Fractions
10	Grade 7 / Level i	Compare fractions: word problems
11	Grade 7 / Level i	Multiply fractions
12	Grade 7 / Level i	Multiply fractions and mixed numbers: word problems
13	Grade 7 / Level i	Add and Subtract Integers
14	Grade 7 / Level i	Multiply and Divide Integers
15	Grade 7 / Level i	Unit rates and equivalent rates
16	Grade 7 / Level i	Do the ratios form a proportion?
17	Grade 7 / Level i	Solve proportions: word problems
18	Grade 7 / Level i	Constant rate of change
19	Grade 7 / Level i	Percent Change
20	Grade 7 / Level i	Identify Proportional relationships
21	Grade 7 / Level i	Find the constant of proportionality from a graph
22	Grade 7 / Level i	Solve one-step equations
23	Grade 7 / Level i	Solve two-step equations
24	Grade 7 / Level i	Graph Inequalities on number line
25	Grade 7 / Level i	Area of rectangles and parallelograms
26	Grade 7 / Level i	Area of triangles and trapezoids
